

Company Name	Azbil Kimmon Co.,Ltd.
Website URL	<a href="https://ak.azbil.com/en/">https://ak.azbil.com/en/</a>
Company Outline	<b>【Address】</b> Nishi-Shinjuku Mitsui Building, 6-24-1 Nishi-Shinjuku, Shinjuku-ku, Tokyo 160-0023
	<b>【Contents of Business】</b> Manufacturing, Maintenance and Sales of the following equipment and devices, Water meter, Battery operated electromagnetic water meter, Hot water meter, Smart Metering system, Gas meter, IoT Solutions et al.
	<b>【Overseas Offices】</b> Azbil Kimmon Technology Corp. (Taiwan R.O.C.) (Gas meter production and sales only)
Contact Information	<b>【Department】</b> Global Sales Department, Global Business Division
	<a href="https://ak.azbil.com/en/contact/">https://ak.azbil.com/en/contact/</a>

Company PR	<p><b>&lt;Corporate PR&gt;</b>  <b>Azbil Kimmon Co., Ltd. has pioneered the Japanese manufacture of measuring equipment. The company has been developing and producing gas and water meters in Japan for approximately 120 years. Today the company includes R&amp;D, manufacturing and sales teams, and provides installation and maintenance services for gas, water and various flow meters-plus the related control systems.</b></p> <p><b>&lt;Information of Product and Technical Expertise&gt;</b>  <b>■Mawarina</b>  <b>Type : KKDA/KKDL</b>  <b>Diameter : 13mm, 20mm, 25mm</b>  <b>Ratio Q3/Q1 : R 100</b>  <b>Features :</b></p> <ul style="list-style-type: none"> <li>• <b>Big and eye-friendly indicator</b></li> <li>• <b>Angle of rotation : 330°</b></li> <li>• <b>Easy rotation with one hand</b></li> <li>• <b>Safety case</b></li> </ul> <p><b>Lead-free copper alloy</b>  <b>“Eco-brass”</b></p>

- **Electronic water meter (Single and Multi jet type)**  
 Type • Diameter : EKDA 15mm,20mm,30mm,40mm  
 EKDL 15mm,25mm  
 EKDS 40mm,50mm

Ratio Q3/Q1 : R-100

Features :

- Electronic intelligent water meter is composed of 8 bit telegraphic communication output, pulse output, LSI, LCD and Lithium battery.
- LCD indicates the cumulative consumption and alarms, and the data enables to the telecommunication metering system and automatic reading system.

※ We also have a lineup of direct reading type and pulse out-put type.

- **Battery Operated Electromagnetic Water meter**

Type : MGB™12A

Diameter : 50mm,65mm,75mm,100mm,125mm,150mm,200mm

Ratio Q3/Q1 : R-200

Features :

- Compact and light design
- Easy meter-reading with back light
- Cavity shape design avoids technical failure
- IP68
- Life time of embedded battery : About 9 years

- **Smart Metering System**

Remote Meter Reading

Water Leak Detection / Management

Water Volume Control

### <Main Business result>

#### Japan

- Conforming product of the standard for public building construction of Ministry of Land, Infrastructure, Transport and Tourism (2013)
- Waterworks of Japan (Fukuoka city water works)

#### Overseas

- Asia area (Myanmar, Vietnam, Sri Lanka, Pakistan et al.)
- Various countries (Germany, Kenya, et al.)
